This is a Clothing Services Industry.

Prior to Us

This is a Clothing Services Industry came to us in March 2022, with some online presence. They wanted to improve their local presence by increasing organic rankings and traffic to their website and increase clientele. At the time they signed on for our SEO services they had 2 keywords ranking on the first page of major search engines.

Our Approach

- We identified how potential customers were searching through extensive **keyword research**.
- We designed & implemented an SEO campaign that included **on-page** and **off-page optimization** around their targeted keyword terms.
- We ensured that all name, address, and phone number information was correct, complete and consistent across key sites, including top tier directories such as **Google My Business** and **Bing Local**.
- We developed and distributed **SEO friendly content** on relevant websites.

After 3 Months

90 days later, the website went from ranking for just 2 keywords on Page 1 of results to ranking for **25 keywords** on the first page. An increase of 1150%.
